Daniel E. Jude

President,
Security Software Systems Inc.
Sugar Grove, IL.

PROFESSIONAL HISTORY

Dan Jude has served as President of Security Software Systems Inc. since November 1999. In his role, Mr. Jude is responsible for the day-to-day operations of Security Software Systems as well as the development of global distribution, global marketing and new product development. Recent leadership in our "Predator Guard" project positions Security Software Systems in a leading edge role protecting children from on-line predators.

Prior to joining SSSI, Mr. Jude was senior manager for channel marketing at FORE Systems, a wholly-owned subsidiary of The General Electric Company, p.l.c. (U.K.), and a leading global supplier of high performance networking solutions. At FORE, he established a worldwide channel marketing strategy and campaign. Previously, he was strategic marketing manager for Olicom Inc., a manufacturer of ATM, Token Ring and Ethernet switches, and director of international marketing for Optical Data Systems Inc., which provides secure, software and hardware solutions addressing network bandwidth and security challenges. Jude also served in a variety of technical and marketing positions with Abbott Laboratories, LTV Aerospace and Defense Company, and Texas Instruments, Inc.

EDUCATION

UNIVERSITY OF WISCONSIN – B.S. IT; B.S. Ind. Safety (1980).
